

A FEW OF OUR INDUSTRY PARTNERS INCLUDE:

At Pueblo Community College, our passion is your success. That's why we have the most affordable tuition of any college or university in southern Colorado and flexible class options to suit your life. Our personalized student support is second to none; we'll be here for you every step of the way. <https://pueblocc.edu/>

Trane Commercial offers a broad portfolio of operational and energy efficient solutions that earn customers for life by creating better places for people to work, learn, heal and live their lives. We do this by going beyond... we not only design and manufacture reliable, efficient and connected HVAC systems, but they are maintained and improved by our world-class services business to maximize building performance. <https://www.trane.com/index.html>

At pewag, we honor our rich history while committing ourselves to a future of safety, reliability and innovation. For over 500 years, we have provided our customers with world-class chain solutions that are both strong and sustainable. Our expertise combines traditional craftsmanship with cutting-edge technology to ensure our products exceed the demands of a changing world. <https://www.pewag.com/us/>

PUEBLO FAME

Since 1924, Hartung has grown to be the dominant high volume glass fabricator in the Pacific Northwest supplying commercial and residential glass for projects of any size throughout the Region. Over the last 20 years, we expanded our operations across the nation serving customers large and small with the same precision and dedication to quality as a single facility fabricator in Seattle. Today, we operate 10 manufacturing facilities in the US and Canada, proudly servicing thousands of customers every day. <https://www.hartung-glass.com/>

In 1994, TR Toppers moved from Odgen, Utah to Pueblo, Colorado, to be more centrally located, offering freight and shipping efficiencies. In 1997, a state-of-the-art plant was built, which continues to expand to accommodate rapid growth. With a large network of distributors nationwide, quick service restaurant chains of all sizes purchase TR Toppers' products. Other channels serviced include ice cream companies, yogurt shops, baked-goods manufacturers, and institutional foodservice. <https://www.trtoppers.com/>

PEDCO's purpose is primary job creation. A primary job is a full-time position in the private sector employment by manufacturing, business, commercial or service industries, producing, assembling, or distributing products, or providing services primarily or ultimately for sale consumption or use outside Pueblo. This brings money into Pueblo from outside Pueblo. <https://www.pedco.org/>

Global Controls was started in 2012 by Fernando Medina, to be able to provide the service and standards to the industry that he desired. Fernando has successfully operated in the Colorado Springs area for the past 30 years, working on commercial and industrial projects on both large and small scale, and has knowledge and experience in Building automations/ Electrical/ DDC/HVAC controls; more specifically working on VAV's, FCU's, Heat Pumps, RTU's, MAU's, AHU's, Boilers, Chillers, Mechanical Rooms, and new install to retrofit BACNet/Lon. <https://www.computrols.com/dealers/global-controls-inc/>

Federation for Advanced Manufacturing Education (FAME) is a nationally recognized Co-Op program where you learn how to become a Multi-Skilled Manufacturing Technician. The program provides a pathway to earn an Associate's Degree while gaining 1,800 hours of On-The-Job Training with a local manufacturer.

If selected, you will participate in the program's 40-hour per week training program where you attend college two days a week and work three days a week (24+ hours). You will gain knowledge in electrical, mechanical, and automation to solve real-world problems and support critical processes within your manufacturing plant.

Many FAME participants graduate with a full-time job offer and zero academic debt.

For more information on Pueblo FAME visit: www.FAME-USA.com.
